# An exceptional visit of Chennai...

Will you remember temple, streets, monuments?  
Maybe ...

That's you will...

**It's your lady driver !**

# Supporting a social project!

Since 2004, SPEED Trust (Slum People Education & Economic Development) Organization has trained isolated, widowed or deserted women from the slums of Chennai to drive auto-rickshaws.

This exclusive and revolutionary program enables marginalized women, often servants, homeless, living with their children in inhuman conditions, to escape the deepest poverty through self-confidence and dignity.

To give to these women a regular and fair paid job, SPEED Trust in partnership with the fair tourism agency HUMAN TRIP INDIA, proposes to you to discover Chennai in an unbelievable way you won't see nowhere!
